

Credit Union Service Network is pleased to announce a territory expansion for Nancy Byers in Business Development. Nancy will be serving the Mid-western area, primarily the states of Colorado, New Mexico, and Wyoming in her capacity as an account manager.

Some of you may already be familiar with Nancy; others will soon have the pleasure of meeting and working with her. Nancy most recently worked for the Credit Union Associations of Colorado and Wyoming and Credit Union Strategic Partners, where she did an outstanding job in her role as an account manager in business development. In her role with the Associations, Nancy was also responsible for business development efforts for CUSN in her territory. Nancy will bring strong product knowledge of CUSN products and how they can benefit credit unions in service to their membership.

Nancy obtained her BA from the University of Idaho and her MBA from the Anderson Schools of Mgmt, University of New Mexico.

Nancy has extensive experience in the financial industry arena, spending 2 ½ years as an account manager for the Credit Union Associations of Colorado and Wyoming, as well as holding the positions of VP of Corporate Development with Federal Employees CU (now Allegiance CU) in Oklahoma, and Manager of Marketing and Business Development with Great Basin FCU in Nevada.

“We are excited to have the opportunity to expand Nancy’s territory with CUSN, having her work directly with more of our participating credit unions and potential credit unions,” commented Doug Burke, President/CEO of CUSN.
