

CO-OP Fast Branch: Self-Service Becomes Full-Service

Time has become a commodity. And your members never have enough. With CO-OP Fast Branch kiosks, they can be on their way quickly. No more waiting in teller lines or driving out of their way to find a branch.

Be Where Your Members Are

CO-OP Fast Branch kiosks deliver everything that members expect at the teller window—except the lines. At the airport, the grocery store, a hotel, or SEG location—even your own lobby.

Our quick, convenient “do-it-yourself” shared branch kiosk blends the most modern check imaging technology with an easy-to-use touch screen to offer your members a broad array of services, including:

- Access to all account available for shared branching transactions
- Check and cash deposits without envelopes or deposit slips. Scanned images of checks appear on receipts.
- Cash and check withdrawals.
- Loan payments by cash and check.
- Loan advances in cash and check.
- Money transfers.
- Balance and recent history inquiries.

The Power Behind Convenience

- Web-based capture, proof and image consolidation.
- Immediate online access to check images.
- Custom hold policies.
- Simple Review and adjustment policies.
- Image cash letters with multiple cut-off times..
- Check 21 and other back-office processing needs handled in partnership with NCR and imaging expert Ensenta Corporation.

Why Use Fast Branch Kiosks

- Decrease deposit-taking costs by as much as 50%.
- Eliminate daily check sweeps and courier service.
- Attract a new generation of young members seeking kiosk technology.
- Accelerate funds availability to select members.
- Reduce teller lines at the branch.
- Provide service at SEGs and other remote locations.
- Reduce fraud with envelope-free deposits.
- Simple implementation, especially using CO-OP's shared branch technology.
